We are very grateful for the 2 sewing machines donated by the Mike & Yvette Hurley and the Phil & Victoria Ryder from The Judeo Christian Israeli Alliance in Las Cruces, New Mexico, you have donated to us. We believe our widows and orphans will really benefit from these machines. May God bless you.

We are thankful and glad for the support you gave to our Apostle Stewart Chawinga. The 2 sewing machines are at our hands. We have now identified a young man who has given us a fair monthly charge for training our women. The \$500 which was given by Dr. Jorge and Sonia Vargas from Lighthouse Church in Las Cruces, new Mexico, to help the women's cooperative business has been allocated to paying the monthly salary of the tailor and part of it is been used to buy pieces of clothes which are used when training these women.

Some widows and other underprivileged women have now started learning tailoring. Here they are taught first how to cut pieces of cloth.

Mrs John Lumwira is proved to be the fast learner. The same first day she managed to make a blouse. We are now planning to buy rolls of clothes so they can have enough material when producing blouses and skirts and even dresses. They are also learning how to make seat covers. We are asking for more support on this project.
